

About Us

Experienced. Committed to Quality, Customer Service &

On-Time Delivery. State-of-the-Art Technology.

Not only do we pride ourselves on cost-efficient, quality products and on-time delivery -- our customers rely on it.

Since opening for business in 2005, TNTruss has worked with many of Southern California's leading homebuilders on multifamily apartments, condominiums and single family homes including KB Home; Richmond American Homes; Frontier Homes; Forecast Homes; D.R. Horton; and K. Hovmanian.

TNTruss utilizes state-of-the-art computer technology to assure accurate, error-free designs and manufacturing that meet our customers' complex specifications.

The TNTruss Team:

Our team is lead by industry veterans and backed up by a staff professionally trained with over 50 years of experience in truss and wall panel manufacturing using the latest tools and software. Our Yard manager has over 25 years of experience in truss manufacturing and production quality control.
